We have had a wonderful end to 2014 with the Year 12 Formal, Year 5 and 6 Orientation Day.

Year 12 had a lovely night at the Novotel North beach where they all looked amazing. Thank you to Jacqui Bowring their Year Advisor who organised a wonderful night.

**Year 5 and 6 Orientation Day** was a huge success. Over 300 of our students spent the day at Wet and Wild enjoying themselves in the many water activities. They were extremely well behaved and conducted themselves in the manner that we expect from our students. The staff on the excursion were complimented by the staff at the outstanding behaviour of the students in the red Elizabeth Macarthur uniforms, who not only followed all the rules and had fun but also assisted smaller children who had got separated from parents. One group of our students gave up their place in the queue to take a lost little boy to lost children to be reunited with a distraught mother. They earned a commendation from the mother and staff for their selflessness.

While this excursion was occurring we had 500 Year 5 and 6 students up from the local feeder primary schools to engage in a “Taste of high school day”. This was every successful and we have had a sudden influx of Year 7 students enrolling. We are
current at 217 students for next Years’ 7 which puts our school total to 1030 which is our maximum number of classes we can fit into the school. It means that we are gaining a great reputation in the local area and people are eager to enrol their children.

**Art Attack** was held again this year and was a raging success. So many talented artists have the chance to show their works. Congratulations to the CAPA faculty lead by Kristy Pugliano who did a fabulous job with curating the show.

**Presentation day**
This was an outstanding success. The State member for Camden Chris Patterson attended and made an impromptu speech complimenting the school on how in his opinion we had become one of the premier schools in the area. Of course Chris is very lucky in the Macarthur area as we believe all the public schools in Macarthur are great schools. We also had the Federal Member Russell Matheson attend and the Deputy Mayor Therese Fedeli from Camden Council as well as principals from the feeder primary schools and many sponsors that have supported our school financially over the year.

We are happy to announce that Mr Nathaniel Doidge, Head Teacher Science has been successful in being promoted to Deputy Principal at Erskine Park to begin in 2015. Mr Doidge has been Head teacher Science for 6 years at EMHS and he has also headed the GAT team and Technology. We wish him every success in his future career.

**Year 7,11,and 12 start back on Wednesday 28th January. Years 8,9,10 start back on Thursday 29th January.**
Year 7 start with an assembly at with their parents at 9.30am on Wednesday in the school hall. Year 8, 9, 10, 11, and 12 start at normal times at 8.55am.

I am very lucky to lead such an amazing school with wonderful student, staff and parents. I wish you all a very Happy Christmas and a safe and happy holiday.

*Ms Kylie Hedger*
*Principal*

Years 7, 9, 11

I was delighted and impressed by the quality and calibre of student sporting and dance achievements at Elizabeth Macarthur High School in 2014. The organisation of the Sports and Dance Presentation Night by the PDHPE faculty and CAPA Teachers is to be commended. Some of the students have performed to an elite level and all are to be congratulated on their individual and team achievements.

In 2015, we will be moving towards utilising ACER online tests with students in Years 7 - 10 to provide data that informs targeted teaching and learning practice. These tests are currently being trialled on a few student groups to assist our Teaching and Learning faculty address any logistical issues. Students do not study for these tests.

Student learning profiles and class literacy targets are a few of the areas this data will assist teaching staff to develop. Teaching approaches can then be differentiated based on the data provided to improve the learning outcomes of all students.

I have enjoyed working with our students since my arrival in week 7 of Term 3 and I have become quite familiar with the school’s procedures and events at the end of the school year. In the short time I have been here a number of Year 9 students have been referred to the Careers Advisors to develop career plans with strategies to be implemented in 2015. The tireless efforts of our Careers Advisors and follow up of paper work for TAFE and work experience opportunities, places our students in a strong position to transition successfully towards a school to work pathway.

The Senior Study Assistance Program that operates every Tuesday during periods 4 and 5 has provided the current Year 12 students with invaluable study skills and assessment assistance. All Year 12 students, with the exception of our Year 12 TAFE students, have access to this program. The large number of Year 12 students that have not engaged with this program jeopardise the improved results they pass up from this learning assistance and staff mentoring.

I would like to wish all our school families a safe and festive Christmas break and I look forward to continuing the great learning and welfare projects started and addressing the 2015 challenges strategically.

Martin Toaetolu
Deputy Principal
Years 8, 10, 12

The year is now over and we have had a number of whole school events that have complimented the wonderful work that has happened at our school. I would like to mention a number of events in the past month that have all been very successful and organised.

The Sports and CAPA presentation evening was held on Tuesday 25\textsuperscript{th} November and this was again a well organised and attended evening by both parents and students. The evening celebrated the successes in sport and dance during the year and it also acknowledged the hard work that is put in by our staff who take sporting teams in their own time. My thanks to the PDHPE staff for their efforts and for organising the evening.

The Orientation Day held on Wednesday 3\textsuperscript{rd} December was another major event that involves both Year 5 and 6 students from our feeder schools. There were close to 550 primary students on the day along with parents and students. The students were given the opportunity to engage in lessons and tour the school in readiness for 2015. Student numbers in 2015 for Year 7 have exceeded 210 and this is a reflection of the schools reputation and good standing in the community. My thanks go to Mrs Morrissey, Ms Houghton, Ms Brown and all students who assisted on the day.

The oval has finally been finished and with the last rains is now looking very luscious and green.

Our annual Presentation Day was also an outstanding success with over 20 official guests and sponsors of the school. I would like to mention Julie Scholte, Amitha Bhat, Nicolet Westerhof and Claudia Rico for all their hard work and efforts in making this one of the best presentation days ever held at the school.

Finally I would like to thank all staff for their efforts this year and look forward to 2015, I would like to also wish everyone a Merry Christmas and a safe and happy holiday break and I look forward to working with the whole school community in 2015.

\textit{Angelo Stasos}\n\textit{Deputy Principal}
In this last edition for the year it seems appropriate to review some of our work and to highlight the options that we can offer.

Our careers strategy offers a range of opportunities for the whole school from lessons in Years 7-9 and individual interviews in years 10-12. There are numerous visits and chances for work experience. However, there is one element students need to get right at the start – the interview. Last week, our Year 10 students were invited to attend a day of “Mock interviews”. They needed to put together a good CV (a skill in itself) but also sit in an interview to “apply” for a job. Many students took the opportunity of dressing for the part and they clearly took it very seriously. There were even requests to check handshakes beforehand to make sure everything was fine!

In addition to some school staff, we managed to get a large number of external interviewers – those whose job it is to recruit and select. This puts a real-world spin on the exercise and something the students valued. Even those who had interview experience said they managed to learn something from the day (more so, as feedback was given the next day so students could reflect on their experiences). Feedback from our external interviewers was also very positive; they valued the opportunity of talking to the students and saw the value in the exercise. Overall, a great day had by all and with the suggestions for next year, an annual event that can only grow. My thanks to all the staff involved especially our careers team. This was just one programme in a series of events that the careers team has put on. By focussing on the world outside and after school, we can add an extra incentive to classwork.

Staff in our learning support area have been trialling new ways to measure student engagement and achievement. By re-organising class support we have been able to see more students. By offering more in the way of assessment help, students can be supported if they need it. One new initiative, reported in the last issue, was the introduction of Year 12 study programmes. The first term’s programme has nearly finished and we are planning to continue next year and up to the HSC. The focus this term was on getting prepared for the HSC in terms of organisation and selecting the right way to go about it. Next year, we will look at greater support for individual subjects whilst still continuing to help with the study basics. Student feedback on this is highly positive. The only issue is that with any new programme, it takes time to get the word around. Students should see this as compulsory with only extension and TAFE classes an argument for not attending. For those students affected, we are looking in to ways that we can cover the same material in different timeslots.

Next year is already looking good. We have the opportunity of increasing our small-group withdrawal classes for students in Years 8 and 9 with specific learning issues. A series of tests that look in to student learning are being trialled now and will roll out in the early weeks of term 1, 2015. Together with our other measures, we will have an accurate snapshot of current student achievement.

Wishing readers all the best for the Christmas vacation and a successful 2015.

Dr Paul Ganderton
Head Teacher
School Presentation Day
School Presentation Day
Congratulations to Year 8 on the completion of Stage 4! There are many achievements to celebrate and hopefully also a time of reflection on what has been achieved to date. The transition to high school is well and truly complete and independence and autonomy is starting to be fostered through the personal choice of electives for the coming year. Many students have approached me concerning when they will be finding out which elective subjects they have been placed in. I am sure many parents are also curious about this. As you can appreciate, the task of timetabling for over 1,000 individual students, across multiple subject areas is extremely complex, time consuming and logistically challenging. Our amazing Head Teacher of Administration, Mr Brewster, along with support from the Head Teachers, does this job each and every year and it is daunting to even think about the time and attention to detail it involves. Students will receive their timetables for next year, as is the case for every year, at the beginning of the school year.

Our school is proud of its students and the community we serve. One way in which we strive to reflect this pride is through our school uniform. The uniform has been developed with input from our student body, parents (through the P & C) and the school Executive. We have a Uniform Policy that can be found on the school website and which is distributed to students in their Orientation to High School pack. While the majority of Year 8 students comply with the school’s uniform policy, there are students who are coming to school dressed in a way that does not reflect well on the standards of EMHS and rest of the student body and that has the potential to present a negative image of our students to members of our community. If parents experience difficulties in outfitting their children in correct uniform, we have a number of ways in which families can be supported to ensure their children come to school in neat, correct and well-fitting uniforms. Please ensure that your child has the correct uniform for the beginning of the new school year in 2015. If you need support in this area please contact either Ms Duncan or Mr Stasos.

School reports will be coming home with students shortly and we are sure there will be opportunities for parents to praise success and to encourage future effort. At EMHS we pride ourselves on the support we offer students who are finding class work, and especially the completion of assessment tasks, challenging. I personally know of many teachers who spend time with students during recess breaks to help them with assessment tasks and class work. If your child is experiencing challenges or difficulties with assessment tasks they are encouraged to discuss this with their class teacher in the first instance, and as soon as possible. Completion of assessment tasks is mandatory and is an essential process in assessing student achievement of syllabus outcomes. This will be particularly important from next year when our Year 8 students transition into the Stage 5 ROSA (Record of School Achievement) course. If you have any concerns with your child’s progress in a particular subject, please contact the Head Teacher of the subject concerned.

I would like to take this opportunity to congratulate all our students for their effort and participation this year and to wish you all a joyous, relaxing and safe holiday season.

Ms Tanya Duncan
Year Advisor
**Year 11**

To all of my wonderful Year 11 students, you have now entered your final year of study. Whilst it probably feels as though many students around you are winding down, you have had to maintain your momentum as you have just begun your HSC. I could not be prouder of what you have all achieved this year as you employ such determination, organisation and focus towards your studies. Many of you are going to receive an award on Presentation Day which reflects the wonderful work that many of you have accomplished this year. I look forward to celebrating your achievements with you on this special day.

On another note, this is a general reminder that every Tuesday afternoon the Teaching and Learning Faculty will continue to run workshops aimed at developing study techniques and providing you with the opportunity to have additional tuition in a subject of your choice. You would be doing yourself a great disservice to not take advantage of this wonderful program as two hours per week accumulated over the next three terms is a significant amount of time that would otherwise be wasted if you simply go home. I will be sporadically making parent phone calls to remind you and your families of this great opportunity.

Next year is going to be a busy one for you all academically and socially with events such as our formal, Graduation, Year 12 Picnic Day and many more. I look forward to being with you all every step of the way as we will no doubt experience many challenges and exciting times together.

I wish you all a very safe, happy and healthy Christmas and look forward to a wonderful year ahead.

*Ms Courtney Brown*
*Year Advisor*
To my darling cohort,

Thanks for the memories.

Missing you all so much.

"If you haven't got something nice to say, don't say anything"
&
"Do unto others as you would have them do unto you"

Please visit me often.

Love Mama Bowza. xo
### Maths Awards:

Faculty News

Science

On Tuesday 25\textsuperscript{th} November a group of scientists lead by myself travelled to Narellan Public School as part of our Transition into High School program. The 4 scientists from Year 7 included Nathan Hart, Rory Moulton, Katelyn O’Neil and Benjamin Matthews. These students spent a day planning and creating a lesson on ‘Matter’ a topic which was being studied by the Year 5 and 6 students. Their lesson involved a theory lesson followed by a practical where students were required to measure the volume of Simpson characters using a measuring cylinder. The Year 7 Scientists taught perfectly and all of them demonstrated great knowledge, but more impressively, the ability to engage primary school students and teach them the about mass, volume, density as well as experimental design.

All of the teachers from Narellan Public School were very impressed with one teacher saying that they would be happy if they produced that lesson. They could also not believe that this time one year ago our students were in Year 6. This program will continue to run into next year and we be seeking keen scientists to join the team. Congratulations to Nathan, Rory, Katelyn and Ben for an awesome lesson and a great day.

Special thanks to Narellan public school for allowing us to come out for a day and involve the students in some Science.

Thanks.

Mr Emerton.

Head Teacher—Science
Congratulations to Supakkanit Rerkdee on her Art Quilt gaining selection for exhibition at the 2015 Textile exhibition. This exhibition is a showcase of exemplar Textile projects from high school students across the state. These projects can be viewed at the 2015 Stitches and Craft Show at Rosehill Racecourse between 5-8th March 2015.
History, Languages and Social Sciences

Gifting wisdom to our next generations, so that each might know and thrive in their worlds.

Celebrating Success

Town Planning Competition
Dylan Richardson’s excellent redesign of Elizabeth Park was the winning entry of the Department of Planning and Environment’s Plan Shapers Urban and Regional Planning Competition. The competition, aimed at Years 7 and 8 Geography students, is designed to test and develop students understanding of Urban and Regional Planning. Students were required to apply their geographic skills by redesigning a local park they are familiar with.

Orientation to History
Years 5 and 6 enjoyed learning about Ancient Egyptian customs at the Orientation Day. Students learned about and then attempted to recreate some aspects of mummification.

Aztec Exhibition at Australian Museum
Year 7 enjoyed the special exhibition of Aztec artifacts this month. The study of archaeology and historical documents are also important features of our Ancient History course in Years 11 and 12.

Ms. C. Boreland
Head of History, Languages and Social Sciences (HSIE & LOTE)
2014 ANNUAL SPORT AND DANCE PRESENTATION DINNER
On Tuesday the 25th, Camden Lakeside was the venue once again for our Annual Sport and Dance Presentation Dinner. It was a wonderful evening shared with parents, students and staff. Dean Bouzanis an Australian professional footballer who plays for the Western Sydney Wanderers was the special guest. He spoke of his time as a young boy in sport, the value of his family and the importance of being honest, humble and hard working. Dean played junior football in Australia before joining English side Liverpool as a youth player, where he appeared for the Under 18 and reserves sides. After a loan move to Accrington Stanley Football Club he joined Oldham Athletic, before brief stays at Aris FC and Carlisle United. He has been capped by both Australia and Greece at youth level.

Throughout the course of the evening we acknowledge the students who have worked tirelessly over the course of the year. A full program of results is included following this report.

The audience was entertained with an exceptional performance from our dancers. They spend many hours both during and outside of school rehearsing and performing and tonight was no exception. The students arrived early and performed with confidence and style. Congratulations to all dance award nominees and award recipients.

The theme of the evening was on high expectations and opportunity. Ms Hedger (Principal) spoke of the wonderful and varied opportunities afforded to the students at Elizabeth Macarthur High School, predominately supported by the PDHPE faculty. Students have the opportunity to participate as coaches, umpires, referees, players, administrator and leaders.

I mentioned in my address the importance of students staying true to who they are because “today you are
you! That is truer than true! There is no one alive who is you-er than you!” Dr Seuss

Our sports students regularly demonstrate values of honesty and humility. They are a credit to themselves, the families and the school and we are all very proud of their efforts.

I would like to take this opportunity to thank the parents and friends, staff, in particular the PDHPE staff – Mr Anderson, Mr Berwick, Miss Bowring, Ms Griffiths, Miss Pilley, Mr Raack and Mr Spruce. I would like to thank Miss Pugliano and Miss Brown from the CAPA Faculty.

I am very proud of the students and the efforts of staff to ensure that the 2014 Annual Sport and Dance Presentation Dinner was a complete success.

Mr Andrew Ellis  
Head Teacher Personal Development, Health & Physical Education

Stop Press

Sydney South West Selection

Jade Stein has recently been selected into the Sydney South West Girls Cricket Team. This is an exceptional achievement as Jade will be playing in an open age team and she is only a Year 7 student. Sarah Howard was also selected as a shadow player. Renee Marzilli was selected into the Sydney South West Girls Softball team.

Well done!

Ms Griffith  
Sport Co-ordinator PDHPE
What a year the Creative & Performing Arts Faculty have had! This year CAPA has seen students reach new heights and go beyond their goals to achieve really great things. We have worked on transition programs with our Community of School, the 2567 Showcase and Art Attack at Lizzy Mac Art Show. We have also seen your Year 12 students go on to do sensational things after their HSC and we couldn’t be more proud.

CAPA in 2014 has also had new teaching staff, Mrs Redmond & Mr White, who have been instrumental in the success of our students across the faculty. I would like to thank all CAPA teachers for their hard work and dedication to their students during 2014.

I would also like to thank the students who participated in the Dance & Sports Dinner. This was a massive week for these dancers but their performances were flawless, polished and very entertaining. Thank you also to our marvellous pianist Brendan Ismay (Year 10) who welcomed our guests in the foyer to this event.

This month we also celebrated our Art Attack at Lizzy Mac Art Show. I was blown away with how our students curated and exhibited their artworks and photographs. Our students from Year 7 – 11 worked collegially and cooperatively to ensure the show went off without a hitch and that it did!

Congratulations to all those who received awards on the night.

Wishing you all a Merry Christmas and a Happy New Year. Be safe and see you in 2015.

Kristy Pugligano
Head Teacher

From the Music Department

Students are generally winding down but not in Music! All classes have prepared for a presentation to their class groups as a final portfolio of their achievements this semester.

Year 11/12 have just completed a Viva Voce as their first assessment task that goes towards their HSC mark. An extraordinary amount of research goes into these presentations, which is then condensed into a ten-minute talk with the examiner complete with musical examples to support their ideas and points expressed. Students are questioned by the examiner from time to time throughout the presentation, to clarify or extend information and the students are expected to know and use the correct musical terminology in response. Well done Year 12.

Year 10 student, singer Nicholas Leech accompanied by Year 11 student Jamen De Guzman (guitarist), have been preparing a song for the end of year presentation day. They also prepared some entertainment for the Orientation Day assembly for the enjoyment of our new arrivals coming next year.

Lastly, may I extended my congratulations to Miss Russell who was married on Friday 28th November,
2014. When she returns from her honeymoon she will be now known as Mrs. McDonough.

Best wishes! Merry Christmas and have a lovely holiday to all!

Warm Regards,

Ms J Farrow
Music Teacher

Dance

The 2014 Sport and Dance Dinner was an absolute success once again this year. We were entertained with a performance by EMHS Combined Dance Ensemble and throughout the evening celebrated the great achievements of each recipient. We must thank the ever supportive Creating & Performing Arts Head Teacher, Miss Kristy Pugliano and PDHPE Head Teacher, Mr Andrew Ellis for their organisation of the evening.

Year Nine Elective Dance students participated in the brilliant Elements Tour for 2014. This transitional program see’s our students create a link with the local feeder schools and really promote the concept of community. Our gifted dancers  Hayley Clark, Monica Diaz, Emily Storey, Alexis Tram, Tia Shepherd, Brooke Gendle, Olivia Wozga, Iesha Needham, Ruvimbo Modondo, Courtney Saunders, Felicity Seymour, Taylor Lonergan and Rebecca Watkiss had been working effectively throughout the term to devise a class work for display at the primary schools. In addition to this, they also be hosted workshop activities to actively engage the primary audience enabling students to sample a taste of the dance programs run here at Elizabeth Macarthur. Congratulations to then ensemble for your wonderful outstanding performances.

We also saw the wonderful success of two young student’s Melanie and Madaline Sananikone who achieved a position within the Elite Junior State Dance Ensemble performing at events such as the Schools Spectacular as well as Regional and State Dance Festivals. I look forward to another wonderful year in 2015 watching our talented Dance program continue to flourish. I hope you all have a safe break and will see you all in the New Year!

Miss C Brown
Dance Teacher
ART ATTACK AT LIZZY MAC

Our annual Art Show was on again on Thursday night showcasing our talented students from years 7-12. As usual the hall was filled to the brim with colourful, fun and wacky artworks by our students.

Year 7 had their Frida Kahlo appropriations on display, as well as some self-portraits and crazy animal morphing done in Photoshop. The highlight for Year 7 is undoubtedly the Lizzy Bald Teacher portrait, and there were some fabulous and life like entries - Mr Denmeade proves a hit with our artists this year.

Year 8 had some fantastic lino prints on display, as well as crazy octopus clay works, still life drawings and monoprints.

Year 9 illustrated their understanding of the figure in large scale charcoal body drawings, as well as some awesome skateboard designs and lino prints which went on to become part of the English mural.

Year 10 blew us away with their drawing and painting skills over a range of self-directed topics within their Body of Work.

Year 11 had on display an array of landscape drawings, using ink, watercolor and acrylic. Their Body of Works were also outstanding and we can't wait to see what they produce next year!

Year 12's HSC work was also on display, showcasing the talent we had this year, in both drawing and painting.

As always we have our Lizzybald Prize Portrait Competition and this year we also had our Photography Competition. Our guest judge Mr Brassil handed out prizes to winners and participants on the night and we also had a People’s Choice nomination.

Lizzybald Prize Open Section: Angela Zhang
Lizzybald Prize Photographic Section: Kelly Fullagar
Teacher Portrait Year 7: Jade Stein
Best overall artwork: Jamilla Russell
Best overall photograph: Nicholas Leech
Award recipients:

**Stage 4 awards for excellence in Visual Arts:** Erin McKinnon

**Stage 5:** Angela Zhang & Maggie Dorrington

**Stage 6:** Jamen De Guzman & Britney Fox

**Stage awards for excellence in Photography**

**Stage 5:** Jordan Meade & Tayla Allerton

**Stage 6:** Katie Dickie & Jessica Goosen

**Most improved Visual Arts:** Brett Cook

**Encouragement award Visual Arts:** Jayden Livings

**Most improved in Photography:** Jazmin Aravena

**Encouragement award for Photography:** Joseph Muscara

**Lizzy Bald Teachers Peoples Choice:** Jade Stein

**Lizzy Bald Portrait Photography Peoples Choice:** jasmine Aravena

**Lizzy Bald Overall Winner:** Jamilla Russell

A special thanks to Mr Paul Brooks from the P & C for making a special guest appearance on the night.

We had a fabulous turn out on the night and would like to thank everyone who came out to support our students.

See you all next year!

_Miss Keys_

_Teacher, CAPA_
Lizzy Mac Art Show
Wet N Wild Excursion:

On Wednesday 3\textsuperscript{rd} December we took 225 students to Wet N Wild for our Orientation Day Excursion. The weather was perfect for swimming and we left just before the storm hit.

Our students represented Elizabeth Macarthur High School to an outstanding standard. The bus drivers and members of the general public commented on the positive behaviour of our students and the way they conducted themselves.

Students went on rides such as the Half pipe, Bombora, Aqua Tube, Double BOWLsEye, the Riptide, the T5, the Tantrum and the Breakers. They relaxed in the wave pool, raced down the H2Go Racers and the really brave ones gave the 360 Rush a go.

The teachers had just as much fun as the kids and we look forward to returning in 2015.

We support local Charities & Organisations
Elizabeth Macarthur High School, we are focused on making a difference to the lives of the students we teach, enabling them to be innovative 21st century learners.

Elizabeth Macarthur High School values:

- teachers with a high degree of professional practice and who are committed to achieving excellence in public education through Quality Teaching.

- a supportive and nurturing environment where the wellbeing of students is paramount and where students have the opportunity to fulfil their potential.

- a safe environment where rights and responsibilities are valued by staff and students.

RESPECT > RESPONSIBILITY > PRIDE
