**Position Descriptions**

Various positions available at leading automotive heavy vehicle workshops for enthusiastic and highly motivated young people who have a desire to work in the heavy vehicle industry.

Applicants should be interested in learning new skills in the fast moving automotive industry and be able to work under supervision as part of a professional team.

This trade provides experience in the service and repair of Road Transport vehicles over 5 tonne, including interstate freight vehicles and also Heavy Earth Moving and Agricultural equipment that is currently used in the farming and mining industries.

For further information or to arrange an interview, please call;

**Cary Hughes – SBAT Coordinator – Ph: 9825-7353**

Interested students should submit an SBAT Expression of Interest form to the Institute TVET Unit asap.
